Huobi API Change Notification

Notification:

Huobi Global Will Add Six Response Fields in " GET /v1/common/symbols"

Content :

Dear API user,

Huobi Global will adjust the existing REST API " GET /v1/common/symbols " as follows:

1. Add limit-order-min-order-amt to return minimum order amount of limit order;
2. Add limit-order-max-order-amt to return max order amount of limit order;
3. Add sell-market-min-order-amt to return minimum order amount of sell-market order;
4. Add sell-market-max-order-amt to return max order amount of sell-market order;
5. Add buy-market-max-order-value to return max order value of buy-market order；
6. Add max-order-value to return max order value of limit order and buy-market order;

Huobi Global is not introducing any new trading rule along with the endpoint enhancement. The new fields appended are only reflecting the existing trading rules.

Effective Date：July 20, 2020(GMT+8)

All the changes will be updated on https://huobiapi.github.io/docs/spot/v1/en/
